## FOR INTERNATIONAL USERS

**Convert to Background Layer** – this action is for our international users only. It translates the first layer (no matter the language) to the word “background” for our actions to function properly.

## DISTRACTIONS & PERSPECTIVE

**Blanket Patchwork Action** – this action allows you to select an area where the background is absent and then uses Adobe’s powerful Content Aware algorithm to fill in the missing area. **NOTE:** Before you play the Blanket Patchwork action, use the Rectangular Marquee tool to surround the area of the blanket that needs to be replaced. Once the area is selected, play the Blanket Patchwork Action and the selected area will be filled in.

**Horizontal Image Flip** – use this action to flip your image on a horizontal axis.

# Newborn Studio Actions

## RETOUCH TOOLKIT

Flaky Skin Remover – quickly & easily removes in-focus flakes on the skin

Rash Remedy – reduces the red & lifts shadows of a rashy area for a smoother look

Magic Smoother – smooths the skin tone while maintaining texture

Clarity Smoother – smooths the skin tone & adds a bit of clarity

Organic Smoother – refines the texture of the skin creating a more porcelain finish

Rid the Reds – reduces the oversaturation of reds in desired areas

Jilt the Jaundice – reduces the oversaturation of yellows & oranges in desired areas

Gray Skin Fix Soft – softly warms gray areas of the skin

Gray Skin Fix Strong – adds a bold warmth to severely gray skin

Purple Skin Fix – reduces the purple tones of skin while adding warmth

Baby Skin Tone Palette – allows you to “paint-on” desired skin tones as needed

Powder Matte Skin – adds a light, powdery finish to skin

Lively Clear Skin – brightens & adds a creamier tone to skin

Lively Warm Skin – brightens & adds a warmth to skin

Lips & Cheeks – add a soft rosy tone to lips & cheeks as desired

Under Eye Skin Blend {Left} – brightens & tones left under eye for less puffy look

Under Eye Skin Blend {Right} – brightens & tones right under eye for less puffy look

Open Eye Amplify – sharpens & brightens the eyes allowing them to pop

Lash & Brow – darkens & adds depth to lashes & brows for a more defined look

Silky Soft Hair – softens the texture of hair

# Newborn Studio Actions

## ONE-CLICK FOUNDATIONS

**Nursery Rhyme Foundation {Pure}** – adds definition to details, pops highlights & finishes with a warm, velvety, hazy wash

**Bedtime Story Foundation {Clean}** – adds definition to details, lifts midtones & shadows while maintaining contrast in details & finishes with a warm wash

**Fairy Tale Foundation {Natural}** – adds definition to details, lifts shadows while maintaining contrast in details, adds warmth & an emulsive matte finish

**Cradle Song Foundation {Warm}** – shifts the tone curve to the right while maintaining contrast in details and adds a bronze warmth to skin

## QUICK FIXES

**Brighten Lost Shadows** – lifts to reveal data in clipped shadows

**Recover Lost Highlights** – lowers blown highlights

**Clean Exposure Bump** – adds a midtone bump to the entire image

**Clean Exposure Dump** – lowers the midtones over the entire image

# Newborn Studio Actions
